

SKW-208 Bass Reflex Powered Subwoofer

BLACK SILVER

For a More Fully Rounded Audio Experience

Craving some extra low-end impact for your movies, games, and music? Take a good look at the SKW-208. This powered subwoofer makes an ideal foil for your compatible mini system or multichannel set-up. Its down-firing construction is designed to deliver highly stable and efficient acoustic radiance. Meanwhile, the crossover frequency can be adjusted from 50 Hz to 200 Hz, for an optimal match with your speaker set. With the SKW-208, you get heart-pounding explosions, hypnotic basslines, and all-enveloping low-frequency effects.
