2014 NEW PRODUCT RELEASE

CS-265  CD Hi-Fi Mini System

Stylish Colors and Features in One Sweet-Sounding Package

With quick and easy NFC pairing for mobiles, Bluetooth technology, and more amp power than ever, the CS-265 brings big and brilliant sound to small spaces. A quality front-loading CD player handles regular audio CD and both MP3- and WAV-encoded discs, while iOS mobile users are treated to an ultra-clear USB connection. Or fill a USB flash drive with MP3s and select tracks using the included remote control. Whichever way you play, you'll appreciate sound that belies the system's compact dimensions. A redesigned digital amp and powerful 2-way bookshelf speakers help to uncover hidden details in the mix while projecting music deep and wide in your room. Like it punchy, or with a more laid-back presentation? Proper tone controls and a 2-Mode Super Bass function let you find the right balance. Available in bold and vibrant colors, and looking fantastic with its clean, sleek lines, the CS-265 is easily the coolest and best-sounding mini system we've ever made at this price. It feels reassuringly weighty, solid, and well worthy of our 65 years in the Hi-Fi business.

CR-265  CD Receiver
Amplifier/CD Player Features
• 20 W/Ch. (6 Ω, 1 kHz, 10% THD, 2 Channels Driven, IEC)

• 10 cm Cone Woofer
• 2.0 cm Balanced-Dome Tweeter
• Non-Parallel Sides to Prevent Internal Standing Waves
• Solid Construction, Fit, and Color-Matched Finish
• Magnetically Shielded to Prevent Interference
• Stylish Sculpted Grille Design
• Impedance: 6 Ω
• Max. Input Power: 40 W
• Frequency Response: 80 Hz–20 kHz
Clean and Clear USB Connection for iPod/iPhone/iPad
Connect almost any iPhone, iPod touch, iPod nano, or iPod via the front panel USB and recharge as you listen. You can use the system remote controller or your connected device to select your music. Audio signals are transported digitally (by-passing the device’s analog conversion circuits) for noticeably clearer sound, and the connection supports playback of MP3s via a compatible USB flash drive.

Super Bass Function
Sometimes the music demands a little extra punch. The 2-Mode Super Bass function on the CS-265 gives a welcome boost to the bottom end, adding just the right amount of weight to bass guitar and kick drum without sounding distorted, harsh, or boomy.

Quiet and Smooth Front-Loading CD Player
Our front-loading CD player provides a convenient and safe way to enjoy your compact discs—less chance of scratches and satisfyingly smooth, quiet loading. Track-, album-, and folder-repeat modes and a random playback option are handy inclusions, and the receiver plays regular audio CDs, CD-R/RW discs, and both MP3- and WAV-encoded albums.

FM Tuner with 30 Station Presets
Jump to any of 30 preset FM radio stations without fear of losing the station you’re listening to. Once you’ve got your favorites locked in, you’ll never have to scan and reprogram again—a battery-free memory backup stores them safely even if you disconnect the system.

A Statement in Sound and Style
What color will you choose? Pick the CS-265 CD Hi-Fi Mini System that suits your style or room décor with a whole range of fun colors available, including a vibrant red, bright yellow, and a tasteful light blue. Or keep it simple with clean white or cool black.
